

# Blues@The Lake Moubra 2020

## Press release

Due to extremely restrictive protocols imposed by the Federal Council and security constraints that are complicated to manage, the Blues @ The Lake Moubra Association Committee decided to postpone the edition at the Extraordinary Meeting of 30.06.2020 planned in 2020 on August 6 & 7, 2021.

Indeed, this free event must keep the joyful and festive aspect which has made its great success for 10 years, and the imposed constraints do not allow to assure and guarantee the health and the comfort of all the participants, public, organizers, musicians, technical staff, bars etc.

Contacts are already underway to renew in 2021 the contracts concluded with artists including the famous UK group Ten Years After which, for its part, must also face certain uncertainties of travel abroad.

Blues @ The Lake Moubra will come back more motivated than ever, with new ideas in the pipeline and look forward to communicating on this matter soon. It is not excluded that concerts will still be organized this summer, under conditions currently under study.

The Committee would like to warmly thank the authorities of Crans-Montana and all the corporations and persons concerned for having studied the file in depth and above all given their green light, subject to the constraints already mentioned.

Crans-Montana: Absolutely!
